

ANEXO

GUÍA DE LUCIDCHART

TP 06

The image shows two screenshots of the Lucidchart platform. The top screenshot is the website's landing page, featuring the Lucidchart logo, navigation menus, and a prominent 'Regístrate gratis' (Sign up for free) button circled in red. A red arrow points to this button with the text 'INICIO DE SESIÓN* O CREACIÓN USUARIO PUEDE SER CORREO EXISTENTE' (Login* or user creation can be an existing email). The bottom screenshot shows the software interface for 'TRABAJO PRÁCTICO N°6'. It displays a 'Insertar contenido' (Insert content) dialog box with a 'Figuras' (Shapes) tab. The 'Ingeniería de procesos' (Process Engineering) category is selected and circled in red. A 'Usar figuras seleccionadas' (Use selected shapes) button is also circled in red. The main workspace shows a process flow diagram with components like 'TANQUE DE ALMACENAMIENTO SOBRE BÁSCULA' (Storage tank on scale) and 'EVAPORADOR' (Evaporator). Red annotations highlight various features: 'elijo figura' (I choose shape) points to a valve icon in the 'Válvulas' (Valves) library; 'las conexiones se pueden mover libremente y adaptar' (connections can be moved freely and adapted) points to a pipe; 'edito grosor' (I edit thickness) points to a line weight control tool; 'edito tamaño de figura' (I edit shape size) points to a valve component; and 'edito texto' (I edit text) points to the text label 'Válvula de compuerta' (Gate valve).
